Refunds

The Neuro Therapy Place as a registered charity provides subsidised therapies which enables you to make a minimum contribution towards the treatment you receive. Therefore, as all card (Debit and Credit) payments are subject to card processing fees, any refunds agreed will be less the specific card processing charges. Please note that a refund can only be provided if it is claimed within a three-month timeframe from the date of the cancelled appointment.

No refund will be given for a non-attendance

Late cancellations or non-attendance mean that income from payments and valuable appointments are lost. Additionally, it denies clients on our waiting list the opportunity to fill vacant appointments.

Exceptional circumstances

We appreciate that on occasion non-attendance is unavoidable at short notice, and in these individual circumstances a refund may be given at the discretion of the CEO.

Where there is evidence of repeated or frequent short notice cancellations, the CEO will discuss and re-evaluate the individual client's booking arrangements.
